

Florent Sorel

Senior backend developer · Kotlin · Go · PHP

Rouen, France · Fully remote · ~15 years of experience

\$ whoami

I build backends: APIs, microservices, data processing. Currently on an RTB (Real Time Bidding) platform where every ad impression is decided in a few milliseconds: distributed architectures, fine-grained tuning, tight memory budgets. Kotlin and Go today, after ~13 years of PHP.

.experience

Senior Backend Developer 2024 > present

Mobsuccess Group (Widely) · Paris (75), fully remote

RTB adtech platform: very high volume real-time bidding services. Kotlin, Go, Kafka, AWS, Docker, Kubernetes.

Kotlin · Go · Kafka · AWS · Kubernetes

Senior Backend Developer 2023 > 2024

Alpha Networks · Paris (75), fully remote

"Accurate EP6" microservices. Maintained PHP/Laravel APIs and designed new services in Kotlin / Spring Boot 3.

Kotlin · Spring Boot · PHP · Laravel

Senior Backend Developer 2022 > 2023

Kinow / Alpha Networks · Nantes (44), fully remote

SVOD SaaS solution. PHP 7.2 → 8.1 migration and legacy rewrite for maintainability and performance.

PHP 8 · Laravel · MySQL

• **Developer** · Linkt 2021 > 2022

Mont-Saint-Aignan (76) · internal apps in Laravel & React

• **Developer** · Wixiweb 2016 > 2021

Mont-Saint-Aignan (76) · custom PHP work (Zend 1.2.3, Laravel, Symfony 4 & 5), WordPress
